HOW TO PLAY

TSOGO SUN

XTRA FUN. XTRA EXCITEMENT. XTRA PAYOUTS.

Roulette Xtra is an exciting new game developed by TCS JOHN HUXLEY that combines the traditional game of Roulette with a thrilling random multiplier bet. With Roulette Xtra, players can win striking payouts of up to 300 to 1 of their original stake. Quick and easy to understand, Roulette Xtra appeals to all enthusiasts of the traditional Roulette game.

GAME OVERVIEW

Roulette Xtra follows the same rules as traditional Roulette with players predicting the winning number by placing their bets. Standard bets such as inside, outside and neighbouring bets may still be played as usual.

Once the ball is spun and “No More Bets” is called, the game randomly selects four (4) Roulette Xtra numbers along with random bet multiplier amounts ranging between 50 to 1 and 300 to 1. The bet multipliers are allocated to each Roulette Xtra number and displayed on the winning number display. The winning Roulette Xtra number and combinations are determined by the result of where the ball lands on the Roulette wheel.

HOW TO PLAY ROULETTE XTRA

- Players place their bets as normal Roulette.
- Dealer spins the wheel and calls “No More Bets”.
- Four (4) random Roulette Xtra numbers are selected and displayed on the winning number display.
- Random Bet Multipliers are allocated to each of the 4 Roulette Xtra numbers (ranging between 50 to 1 and 300 to 1).
- Once the ball stops on the winning number and results are displayed, the dealer will pay out all the inside and outside bets first as in traditional Roulette.
- If the winning number does not match one of the 4 random Roulette Xtra numbers, the bet will be paid 30 - 1.
- If the winning number matches one of the 4 random Roulette Xtra numbers, the bet multiplier will be applied, and the dealer will pay out according to the bet multiplier shown on the winning number display.

It's as easy and simple as that!
